

Bleacher Seating

An **innovative** approach to classroom furniture that promotes active and flexible learning environments. With multiple modular box sizes available which can be easily moved and arranged in various configurations to accommodate different learning styles. The versatility of these plywood boxes allows educators to provide students with opportunities for group discussions, peer-to-peer learning, and interactive activities.

Encouraging students to engage with their peers, fostering teamwork, communication, and problem-solving skills.

-
- Two different box sizes and two different top options gives you endless configuration possibilities
